

2019 8th International Conference on Chemical and Process Engineering (ICCPE 2019)
Bali, Indonesia
April 25-27, 2019

Conference Introduction

2019 8th International Conference on Chemical and Process Engineering (ICCPE 2019: <http://www.iccpe.org/>) will be held in Bali, Indonesia during April 25-27, 2019.

It provides an opportunity for the delegates to meet, interact and exchange new ideas in the various areas of chemical and process engineering. ICCPE 2019 aims in proclaim knowledge and share new ideas among the professionals, industrialists and students from research areas of chemical and process engineering to share their research experiences and indulge in interactive discussions and special sessions at the event.

Good News

1. Publication

International Journal of Chemical Engineering and Applications (IJCEA, ISSN: 2010-0221), which can be indexed by Chemical Abstracts Services (CAS), Ulrich's Periodicals Directory, CABI, DOAJ, Electronic Journals Library, Google Scholar, Engineering & Technology Digital Library, ProQuest, and Crossref.

2. Famous professors as Speakers

Prof. Hongqi Sun, Edith Cowan University, Australia;

Prof. Paisan Kittisupakorn, Chulalongkorn University, Thailand;

Prof. Guo-Xin Jin, Fudan University, China;

3. Academic Visit

There will be a one-day visit in Bali on April 27, 2019.

Important Dates

Paper Submission	December 10, 2018
Notification of Acceptance	December 30, 2018
Registration	January 20, 2019
Conference Dates	April 25-26, 2019
Academic Visit	April 27, 2019

Call for Papers

Topics of interest for submission include, but are not limited to: **Chemical, Environmental, and Process Engineering** --- Environmental engineering and sustainable development; Process design and optimization; Product innovation, development and economics; Process intensification; Nanotechnology; New materials & structured products; Intelligent polymers; Green organic synthesis routes; Process integration; Environmental engineering & management; Sustainable & clean technologies; **Chemistry and Chemical Engineering Fundamentals** --- Chemical engineering fundamentals; Physical, Theoretical and Computational Chemistry; Chemical engineering educational challenges and development; Chemical reaction engineering; Chemical engineering equipment design and process design; Thermodynamics; Catalysis & reaction engineering; Particulate systems; Rheology; Multifase flows; Interfacial & colloidal phenomena; **Systematic Methods and Tools for Managing the Complexity** --- Multiscale modeling; Process synthesis & design; Process control & operations; Process Safety Management; Supply chain management & business decision support; Advances in computational & numerical methods; Safety & risk management systems; Systems biology; Economics and Business Management; Process Analytical Technology – PAT; Software architecture and Other related fields. (For more information, please visit <http://www.icmea.org/cfp.html>)

Submission Methods

1. Submission System:
<http://confsys.iconf.org/submission/iccpe2019>
2. Conference Email Address: iccpe@cbees.org
